ELEVENTH REPORT

OF THE

GENERAL PRISONS BOARD, IRELAND.

TO HIS EXCELLENCY CHARLES STEWART VANE-
TEMPEST, MARQUIS OF LONDONDERRY, K.G.,

LORD LIEUTENANT GENERAL AND GENERAL GOVERNOR OF IRELAND.

General Prisons Board, Dublin Castle,
29th July, 1889.

MAY IT PLEASE YOUR EXCELLENCY :

1. Pursuant to statute, we, the General Prisons Board, have the honour to present this our Eleventh Annual Report on the condition of the Prisons and Prisoners within our jurisdiction, and in respect to the Registration of Habitual Criminals during the year ended 31st March, 1889.

40 & 41 Vic.
cap. 49, sec. 15.

I.—LOCAL PRISONS.

2. In our Report for 1888, paragraphs 2-3, will be found a detailed statement of our proceedings during that and the two immediately preceding years in connection with the continued progress made by us in the reduction of the number of Local Prisons—resulting, as shown, in a total saving of £8,112 in our expenditure for these three years.

Reduction of
Local Prisons.

3. This, it is to be observed, was in addition to the much larger reduction effected in previous years, as detailed in our successive annual Reports, and the total amount of which between the years 1877 and 1888, as set forth in para. 5 of our last Report, was £34,322.* During the year since elapsed there was a further reduction under each of the several heads of service enumerated in the Comparative Tables—para. 5, page 7, of last Report—amounting in the aggregate to the sum of £7,132, the difference between £102,746—the expenditure for 1887-8—and £95,614, that for 1888-9—thus raising the total reduction in the annual rate of disbursement to £41,454, EQUIVALENT TO 30 PER CENT. PER ANNUM, for the year just closed, as compared with that for 1877—

Reduction in
Annual Ex-
penditure.

* See paragraph 5, p. 7, Tenth Annual Report, explaining that this was irrespective of a large additional outlay under two special heads of service.

40 & 41 Vic.,
cap. 49, sec. 17.

the year preceding that in which the Local Prisons were transferred by statute from the control of the COUNTY BODIES to the CENTRAL AUTHORITY of the General Prisons Board.

Local Prisons.

4. We stated in our last Report, para. 5, that with the discontinuance of the Richmond Prison, then announced by us, it might be assumed that the concentration of Local Prisons had been carried as far as could be considered at once safe and practicable, until effect was given to the recommendation embodied in the Report of the Royal Commission of 1883-4, para. 134, with respect to the construction of a new Public Works Male Convict Prison at a distance from the Metropolis, and the conversion of Mountjoy to the two-fold purpose of a Male and Female Local Prison for Dublin and a Female Convict Prison for the entire country—Richmond, Kilmainham and Grangegorman Prisons being at the same time entirely discontinued.

5. This measure appears to have commended itself very strongly to the judgment of the Royal Commission, and no doubt the facts, as they then stood, lent considerable force to the arguments adduced by the Commissioners, para. 132-3 of their Report, in support of their recommendation.

Large reduction
in convict
population.

Since that time, however, a most material change of circumstances, not then probably anticipated, has ensued, as will be seen on reference to the following Table, giving the particulars of the the Irish *Convict* population during the septennial period from 1883 to 1889, viz. :—

YEAR.	Number of Convicts.		
	Males.	Females.	Total.
1883,	793	105	898
1884,	782	88	870
1885,	754	82	836
1886,	700	86	786
1887,	566	66	632
1888,	524	54	578
1889,	466	46	512

From the above table it will be observed that within the comparatively short term comprehended between the year 1883 and the present time the male convict population has been gradually and progressively reduced from 793 to 466, or 41 per cent., and that of the females from 105 to 46, or 56 per cent.

In view of these facts it is manifest that the case which might have been formerly made to justify the Government in embarking in the considerable outlay of public money necessary to carry out the scheme of the Royal Commission has been greatly weakened, and that for the present, at any rate, it must needs be suffered to fall into abeyance.

6. As a consequence of this, as already indicated, the process of reduction in the number of our Local Prisons, which has for several years past engaged our earnest and most careful attention, must be now regarded as having for the present

reached its limit, and we have accordingly no additional proceedings under this head, to bring to your Excellency's notice on the present occasion.

7. We adverted in our last Report to the fact that the disturbed condition of the County Clare had necessitated the temporary re-opening of Ennis Prison as a Police Lock-up. As then stated, there is no reason to apprehend that the necessity for this arrangement will be of long continuance, but for the present it could not be conveniently dispensed with, having regard to the requirements of the Constabulary. Ennis Police Lock-up.

8. During the past year considerable difficulty was experienced in some of the Local Prisons owing to the refusal of certain prisoners to comply with the ordinary rules prescribed for the government of Prisons—especially those relating to the wearing of the ordinary prison dress, the clipping of the hair, and taking exercise at the same time and place as other classes of prisoners. New Rules.

While refusing to recognise any claim to these exemptions on the ground of the nature of the offence for which certain prisoners had been committed, the Government deemed it advisable to refer the subject within certain defined limits for inquiry by a Committee specially chosen for the purpose, but meantime, and pending the result of this reference, certain modifications of the existing regulations were provisionally sanctioned and brought into operation on the 9th April, by virtue of an Order dated 27th March, 1889.

The following modifications were made under the circumstances thus described, viz. :—

I.

OLD RULE.

28. A convicted criminal prisoner shall be provided with a complete prison dress, and shall be required to wear it.

35. Each male prisoner shall have his beard clipped, or be shaved at least once a week, unless specially exempted by the Governor or Surgeon.

36. The hair of a female prisoner shall not be cut without her consent, except on account of vermin or dirt, or when the Surgeon deems it requisite on the ground of health, and the hair of male criminal prisoners shall not be cut closer than may be necessary for purposes of health and cleanliness.

44. Criminal prisoners if employed at work in their own cells, shall be permitted to take such exercise in the open air as the Surgeon may deem necessary for their health.

II.

NEW RULE.

28. A convicted criminal prisoner shall be provided with a complete prison dress, and shall be required to wear it, unless the General Prisons Board shall, by order in writing, otherwise direct, on the grounds that the wearing of such dress is not necessary for the purposes of health or personal cleanliness.

35. Each male prisoner shall have his beard clipped, or be shaved at least once a week, unless specially exempted by the Governor or Surgeon, on the grounds that the same is not necessary for the purposes of health or personal cleanliness.

36. The hair of a female prisoner shall not be cut without her consent, except on account of vermin or dirt, or when the Surgeon deems it requisite on the ground of health, and if the hair of male criminal prisoners be cut, it shall not be cut closer than may be necessary for the purposes of health and cleanliness.

44. Criminal prisoners, if employed at work in their own cells, shall be permitted to take such exercise in the open air as the Surgeon may deem necessary for their health. Such exercise to be taken at such times and places and subject to such conditions as the Governor or Surgeon may direct.

It was also found necessary to add certain conditions with respect to the application of Rule 28, and the following circular was accordingly issued to the Governors of the several Prisons on the 20th June, 1889 :—

“The General Prisons Board desire that when, under new Rule 28, permission is granted to prisoners to wear their own clothing, the prisoners should be distinctly informed that the Board will be in no way responsible either for keeping such clothing in a proper state of repair, or replacing it when worn out.

“When submitting any application for such permission, the Governor and Medical Officer should be careful to report whether they are satisfied that an adequate supply of suitable *inside* clothing is also available for the prisoners’ use, as it is to be clearly understood that no article of prison dress can be issued to any prisoner who wears his own clothing.”

Sufficient time has not yet elapsed to enable the Board to judge accurately as to the practical effect of these several changes; but, from a return received, it would appear that, during a period of over three months from the adoption of the Rules, the number of prisoners who claimed and obtained permission to wear their own clothes was 48.

Exemption
from Labour.

19 & 20 Vic.,
cap. 68, sec. 16.

9. A further ground of objection taken to the operation of the ordinary rules had reference to the performance of the labour and certain tasks usually required from prisoners; but as this objection was already substantially provided for by legislation, it was only deemed necessary to direct the Governors to inform non-hard-labour prisoners making this objection of the means by which it was open to them to relieve themselves from this obligation—viz., by undertaking to pay to the Board the cost of their prison allowance of food.

The number of prisoners, however, who have availed themselves of this provision during the past three months was only 16.

Prison punish-
ments.

10. In the Appendix, Table XII., we take leave to submit the usual particulars as to all punishments incurred by local prisoners during the past year, as well as the far more considerable number of those on whom it was not found necessary to inflict punishment of any kind during that period.

Although the total number of punishments in Table XII. shows some increase for last year over the figures for each of the four immediately preceding years, it is to be observed, as accounting for this, that there was a corresponding increase during the same period in the number of commitments to prison,—while the statistics continue at present, as for some time past, to contrast most favourably in this respect with the returns for previous years,—the number punished in 1880-81, viz. :—9,604 having, during the past year, fallen to 4,707, or less than one-half of the former number.

Educational
Statistics.

11. In the Tables X. and XI. will be found the educational particulars supplied each year in regard to the prisoners committed to the larger class of prisons.

The number of "wholly illiterate" prisoners shown in the Return for the year 1887-8 was 14,462, out of a total of 39,314 committals, as against 16,244 out of a total of 42,204 for last year.

12. We referred in paragraph 8 of last Report to our success in obtaining increased remuneration for our Teaching Staff, and further experience has tended to confirm very fully our anticipations of the good effect to be expected as the result of that arrangement.

13. In connection with this subject we dwelt in paragraph 8 of last year's Report, and paragraph 9 of that for 1886-7, on the formidable nature of the impediment presented to the achievement of any large measure of educational success in our Prison System by the vast preponderance of extremely short terms of imprisonment in the sentences passed upon offenders in this country. We then submitted in a tabular form the particulars as to this, extracted from Table IX. in the Appendix to the Report, and it will be seen from the following that a comparison of the statistics of the last year with those for 1887-8 indicate rather an increasing than a declining, tendency in the same direction, viz. :—

DURATION OF SENTENCES.	Number of Sentences.		Percentage, 1888-9.
	1887-8.	1888-9	
Twenty-four and forty-eight hours, . . .	5,222	3,914	9.7
Fourteen days and over forty-eight hours, . .	19,172	23,144	57.2
One month and over fourteen days, . . .	7,463	7,409	18.3
Three months and over one month, . . .	3,844	4,176	10.3
Over three and under six months, . . .	449	399	1.0
Six months and upwards, . . .	1,236	1,112	2.7
Unlimited, &c., . . .	257	327	.8
Total number in year, . . .	37,643	40,481	—

In the report of the Roman Catholic Chaplain of Grangegorman Female Prison for the past year, he states as to this:—

Opinion of R. C.
Chaplain

"Notwithstanding the success that has attended the efforts of the Prisoners' Aid Society, I find an increase of nearly 3,000 commitments as compared with the year 1884-5.

"In order to devise a remedy for such a disgraceful state of things, I would venture to suggest that Government be asked to appoint a Committee to learn the views of experienced and intelligent prison and police officers who are in almost daily contact with the prison population. I think there will be found a general consensus of opinion that repeated short sentences of imprisonment have no effect for good on habitual offenders."

Opinion of
Superintendent.

That the view thus expressed by the Chaplain that "repeated short sentences of imprisonment have no effect for good on habitual offenders," is very fully shared by the Superintendent of Grangegorm Prison, will be seen from the following extract from a special report upon the subject called for from her, and the details of the case of one particular prisoner, "L. K.,"—appended, as a practical illustration of the evil commented on.

"I beg respectfully to inform you that the number of prisoners committed to this prison for the past year was excessively high, being over 8,000, and to draw your attention to the fact that this number includes a great many old offenders who were re-committed several times through the year, and generally for such short sentences as to deprive the imprisonment of the deterrent effect that longer ones might exercise.

"I have selected the names of a few of these old offenders, and submit them, with a short record of each. I may refer to one, "L. K." This woman was committed to this prison thirty-four times last year,* and never received a sentence for a longer term than fourteen days.

"One fact I would especially call your attention to is, that prisoners sentenced to one month and under are placed on first class diet for the first three days of the term; therefore a prisoner who, as frequently happens, receives four short sentences in a month spends twelve days on first class diet instead of three, as would be the case had she in the first instance been sentenced to a month's imprisonment.

"The short sentences have the effect of rendering the prisoners reckless and defiant; they often say they don't care what becomes of them, they are so tired of coming to prison. If they had longer sentences there would be a greater hope of their making an effort to do right on their release.

"I beg to add, that the numerous committals and discharges of the prisoners render the management of the prison extremely difficult. There have been frequently seventy committed on one night, and fifty have been discharged in one day."

It is obvious that such treatment of persistent offenders can have no effect, whether deterrent or reformatory, upon their future lives.

* In previous years, it will be seen, she was committed 146 times—making a total of 180 convictions in this one case.

In 1888, . . . 34 times.
Previous years, . . . 140 "

Total, . . . 180 "

14. In the Appendix, pages 93-117, will be found the reports annually furnished by the respective Governors as to the industrial labour of various descriptions carried on in the several Local Prisons, showing in each case the daily average number of prisoners employed, the nature of their employments, and the profits obtained from them. Industrial Labour.

In addition to these separate details we beg to submit the following summarised statement of the total profit realised on the

various descriptions of industrial labour in all the Prisons, during the two years 1887-8, and 1888-9 respectively, viz. :—

STATEMENT showing the Total Profit realized on the various descriptions of Industrial Labour carried on in the several Prisons during the years 1887-88 and 1888-9, respectively, viz. :—

I.—1887-8.

	£	s.	d.
Profits realized on manufactures, . . .	4,440	19	6
Ditto, farm and garden, . . .	491	16	4
Total profit on productive services, . . .	4,933	15	10
Extra receipts, . . .	402	8	0
Total amount payable to the Exchequer, . . .	£5,335	3	10

II.—1888-9.

	£	s.	d.
Profits realized on manufactures, . . .	3,611	19	2
Ditto, farm and garden, . . .	1,321	0	10
Total Profit on productive services, . . .	4,933	0	0
Extra receipts, . . .	447	18	5
Total amount payable to the Exchequer, . . .	£5,380	18	5

From these statements it will be seen that the total amount payable under this head to the Exchequer for the past year was £5,380 18s. 5d., as against £5,335 3s. 10d.—thus showing an increase of £45 14s. 7d. in the total profits realised during the last as compared with those of the preceding year.

It is to be observed that the return for the past year, as here given, includes an exceptional increase under the head of “farm and garden” receipts, owing to the discontinuance of the Convict Establishment at Lusk and the consequent disposal of stock and crops there—while on the other hand there was about a corresponding decrease under the head of “manufactures,” resulting from the closing of Richmond Local Prison during the same period.

15. We refer to Table XIV. in Appendix for full particulars as to the offences and commitments of the important class of juvenile offenders—that is, prisoners whose ages do not exceed sixteen years—during the past year.

The figures as to this class for the past seven years stand as follows :—

Year.	Number of Commitments.		
	Male.	Female.	Total.
1888-9,	604	87	751
1887-8,	667	142	809
1886-7,	748	77	925
1885-6,	613	174	787
1884-5	742	93	835
1883-4,	825	134	959
1882-3,	963	122	1,085

From this table it will be seen that the large reduction of 116 in the number of commitments of this class, to which we had in our last report the satisfaction of making reference, has been followed by a further reduction of 58 for the present year—the number for which, viz., 751, is in fact the lowest recorded for any year included in the series—and falls short of that for 1882–3 by as many as 334, this being equivalent to a reduction of 30 per cent, within the septennial period—a result which we regard as being in every respect highly satisfactory.

16. From the subjoined Table, showing the number of commitments to prison for each of the last eleven years, it will be seen that the return for the present year, while falling below that for the year 1878–9 by 1,593, exceeds that for 1887–8 by the large number of 2,925—1,615, or considerably more than one-half of this increase being made up of the increase of commitments coming under the head of “Drunkenness”—by far the most fruitful source from which our ordinary prison population is now supplied and maintained.

No. of commitments to Prison.

See Table I.

The figures for the last eleven years are as under:—

Year.	No. of Commitments.	Year.	No. of Commitments.
1888–89,	43,704	1882–83,	35,484
1887–88,	40,779	1881–82,	41,088
1886–87,	40,764	1880–81,	40,192
1885–86,	39,554	1879–80,	44,659
1884–85,	37,829	1878–79,	46,297
1883–84,	35,721		

That this great social evil is extending, not contracting, is unhappily only too painfully established by our criminal records.

Increase of Drunkenness.

Out of 43,704, the number of commitments for the past year—as shown by the foregoing Table—the enormous proportion of 19,148, or not far short of one half of the entire number, was accounted for under this one head alone, as against 17,533 and 17,233, the numbers committed for this offence for the two previous years, 1887–8 and 1886–7, respectively.

17. We submit, as usual, the following three abstracts—the first two dealing with the number in custody on certain dates from 1851 to 1889, and the third showing the number of commitments and the daily average number in custody during each year since 1854.

[TABLE.]

Numbers in
custody on the
first day of
each year.

No. 1.—NUMBER OF PRISONERS (of all Classes) IN LOCAL PRISONS on the 1st January in each year at unlock.

[illegible]

Number in custody on the first day of each month.

No. 2.—RETURN of the NUMBERS (of all Classes) in LOCAL PRISONS on the 1st day of each Month in the Years at unlook—

Year.	Jan.	Feb.	March.	April.	May.	June.	July.	August.	Sept.	Oct.	Nov.	Dec.

18. The following Table, dealing with the number of prisoners confined in Bridewells from 1850 to 1889, continues to show how great has been the change brought about in recent years with respect to the use of prisons of this minor class, and how large and continuous has been the reduction in the number of commitments to them, being, it will be observed, for the last year only 2,282—the lowest point reached since 1850, when it stood at the very high figure of 88,899.

No. CONFINED IN BRIDEWELLS.

No. confined in Bridewells for last 39 years.

* Excluding 130 committals to Ennis Lock-up in 1887-8, and 155 in 1888-9.

New Tables.

19. As in the three last annual Reports, and pursuant to the recommendation of the Royal Commission, in the Appendix will be found three new Tables :—

- (a) Table V., containing particulars of prisoners released from custody on medical grounds
- (b) Table VII., giving particulars relating to each case of insanity; and
- (c) Table XIII., showing cases in which mechanical restraint has been employed.

Health of Local prisoners.

20. The average daily number of prisoners in the Local Prisons in Ireland during the year was 2,648, and their health has been satisfactory. The number of deaths from natural causes was 6, giving a death rate of 2·27 per thousand on the daily average number in custody, the death rate per thousand for the whole of Ireland during the same period being 17·4. This death rate among prisoners, which is 2·8 per thousand less than that of last year, is the lowest that has been reached for ten years, as will be seen by the following Table of mortality among prisoners for each year of that period :—

Mortality.

YEAR.	Daily Average Number of Prisoners.	No. of Deaths.	Rate per Thousand.
1888-9,	2,648	6	2·27
1887-8,	2,566	13	5·07
1886-7,	2,643	9	3·40
1885-6,	2,601	10	3·84
1884-5,	2,573	10	3·88
1883-4,	2,699	11	4·08
1882-3,	3,025	7	2·31
1881-2,	3,111	13	5·73
1880-1,	2,620	14	5·34
1879-80,	2,812	23	8·18

The causes of death during the past year were :—Apoplexy, 2 cases; pneumonia, 2 cases; asthenia, 1 case; and syncope, 1 case.

Not only does the Table of deaths show a decrease as compared with last and previous years, but also that of prisoners released on medical grounds, the number of whom last year was 60, as compared with 73 in 1887-8, and as there has been an increase in the prison population during the year, these figures are all the more satisfactory. It will be seen from Table VII., that two-thirds of the diseases on account of which these prisoners were released are reported to have originated before their reception into prison.

Insanity.

The number of cases of insanity dealt with in Local Prisons during last year was the same as the year before, viz. :—85. Of these 48 are reported by the prison medical officers as insane on committal; the mental condition of 20 being reported as "not good," "eccentric," "indifferent," "melancholic," "becoming imbecile," of "low intellect," or as being

"fairly good" or "doubtful," while of the remaining 17 at least 4 are reported to have been previously insane.

The Board have again to express their regret that many of these cases were not sent direct to the Lunatic Asylums in accordance with the provisions contained in 30 & 31 Vic., cap. 118, s. 10.

21. In Table XXI. we take leave to submit in full detail a statement of the various works of reconstruction and repair, &c., undertaken under the superintendence of our Architect during the past year in the different classes of prisons, distinguishing between those (A) executed by contract labour, and those (B) carried out by prison labour.

Works of
Reconstruction
and Repair, &c.
Table xxi.

22. The following is a return of the number of meetings held by the several Committees of Visiting Justices, and of visits paid to the prisons by individual members during the past year, viz. :—

Visiting Com-
mittees.

RETURN AS TO VISITING COMMITTEES, 1888-89.

PRISONS.	Number of Meetings of Visiting Committee of each Prison for Year ended 31st March, 1889, at which a quorum was present. There is a general increase observable under both heads, as compared with the preceding year—an increase especially observable in regard to the visits of individual members to certain of the larger prisons where prisoners under the Criminal Law and Procedure Act have been confined.

We have again to record with satisfaction our sense of the important services performed by some of these bodies, and of the valuable practical assistance these have afforded to the Board and the Prison Officers in the discharge of their respective duties.

23. The Certified Prisoners' Aid Societies in existence at the date of our last Report were, as given in paragraph 20, four in number—viz., one in Belfast, and three in Dublin. To this, we

Prisoners' Aid
Societies.

regret to say very meagre list, one other has been since added—viz.:—"The Dublin Male Discharged Catholic Prisoners' Aid Society," for which a certificate was granted by the Chief Secretary on the 11th March, 1889.

With this exception the observation on this subject with which we took leave to conclude paragraph 37 of our Eighth Annual Report continues, we regret to add, to be equally applicable on the present occasion.

II.—CONVICT PRISONS.

24. Mountjoy (No. 1), Maryborough, and Downpatrick Prisons continue to be used for male convicts exclusively, and the female prison of Grangegorman is still, as hitherto, devoted to the two-fold purposes of a Convict and Local prison, as already explained.

Accommodation

25. The accommodation afforded for the convict class on the 31st March, 1889, by the four Prisons appropriated to this purpose may be estimated at 712, viz.:—

Mountjoy, No. 1,	.	.	.	485
Maryborough,	.	.	.	116
Downpatrick,	.	.	.	55
Grangegorman,	.	.	.	56
Total,	.	.	.	712

Number in custody.

The number of convicts in custody at that date was:—

—	Male.	Female.	Total.
In Convict Prisons,	443	41	484
In Local Prisons,	1	—	1
Gross total of Convicts in Custody on 31st March, 1889,	444	41	485

The number of convicts sentenced to penal servitude during the year ending 31st March, 1889, was:—

—	Males.	Females.	Total.
5 years,	37	4	41
7 "	21	—	21
10 "	6	—	6
15 "	1	—	1
18 "	1	—	1
20 "	1	—	1
Life,	4	2	6
Gross Total sentenced during year,	71	6	77

Disposal of convicts during the year ending 31st March, 1889:—

—	Males.	Females.	Total.
Discharged from Prisons:—			
On Orders of Licence,	121	12	133
On Commutation of Sentence,	1	2	3
On Completion of Sentence,	17	2	19
	139	16	155

Of the above number discharged during the year 17 males and 7 females had previously been released on licence under the same sentences, but had forfeited their licence and been re-committed to prison, and 8 female convicts were transferred from Prison to Refuges.

The number of female convicts discharged on licence to be at large from Refuges during the year was 6.

The number of female convicts in Refuges during the year ending 31st March, 1889, was 18. Of these 2 had undergone previous sentences of penal servitude, and 1 of them had been previously in a Refuge.

The Revocations and Forfeitures of Licences in Ireland during the year ended 31st March, 1889, were as follow:—

—	Males.	Females.	Total.
Forfeited or revoked for breach of conditions of Licence,	1	1	2
Forfeited or revoked in consequence of a conviction for other offences,	9	5	14
Gross Total,	10	6	16

466	46	512	1888-89	77	155

* To 31st March.

Diminution of Numbers.

From the foregoing table it will be observed that there has been for many years a gradual diminution in the number of convicts both of male and female committed, and more especially is that decline perceptible since the local and convict prisons have been placed under one central control. On the 1st January, 1877, the male convicts in custody numbered 891, and the female, 264, whereas at the same period this year these numbers respectively were 466 and 46. This very satisfactory state of things we largely attribute to the deterrent influence and improved management of both Local and Convict Prisons since the passing of the Prisons Act of 1877.

New Tables.

26. In addition to the three new tables added in 1886 to the Appendix—as referred to in paragraph 15 of Report for that year—the following have also been introduced with respect to the convict class, viz. :—

I. Table XXVII.—Particulars relating to each death occurring in the Convict Prisons.

II. Table XXVIII.—Particulars of convicts released on medical grounds.

III. Table XXXI.—Particulars relating to each case of insanity.

IV. Table XXXVIII.—Cases in which mechanical restraint was used.

27. It will be seen from Table XXVII. that there were only two deaths—one from inflammation of the bowels, the other from bronchitis—among convicts during the past year, which represents the very low death-rate of 3·8 per thousand, considering the class from which convicts are drawn. Five convicts were released during the year on medical grounds, as against seven in the year before. The number of cases of insanity has also fallen from thirteen to ten.

Health of Convicts.

Death-rate.

Release on medical grounds.
Insanity.

The new water supply to Maryborough Prison, to which reference was made in paragraph 25 of last year's Report, has proved, so far, thoroughly successful, and when certain supplementary work now in hands in connexion with the prison drainage has been completed, the sanitary arrangements of this establishment will be in all respects quite satisfactory.

Water supply.

Drainage.

28. In paragraph 27 of last year's Report reference was made to the still suspended project of a new Public Works Prison in substitution for that of Spike Island; but, for the reasons already detailed in paragraph 5 of this Report, it is obvious that the circumstances of the present time at least are entirely adverse to embarking in a scheme of such magnitude, and which, under the most favourable conditions, must necessarily entail on the Exchequer a very considerable expenditure of public money, for which at present there would be no justification.

Proposed Public Works Prison.

29. The following are the principal works of building and construction at which the male convicts have been employed during the past year, viz. :—

Works of building and construction.

I.—MOUNTJOY.

The erection of twenty-three houses for warders on ground in front of the prison has been continued during the year, and is now in an advanced state, the joinery and plastering being now the chief work required for their completion. The erection of these houses has provided labour for a large number of convicts, and, when completed, there will be a considerable saving in the lodging allowance now made to subordinate officers.

A new storehouse for both prisons is in process of erection. Owing to the new system of storekeeping, recently introduced, this addition had become an imperative necessity. Various necessary alterations and repairs have been done in both prisons. An execution shed and dead-house have been built in connexion with the local prison; water-closets erected adjacent to the exercise rings, and workshops and workshops erected and fitted up for local prisoners, &c., &c.

II.—MARYBOROUGH.

The construction of additional cottages for the accommodation of married warders and their families—a work of much importance, as regards the comfort and convenience of the staff—is being still proceeded with, as stated in last Report, and arrangements are being made, at the same time, for effecting certain further improvements in connexion with the prison drainage, conformably with an understanding come to with the Queen's County Infirmary authorities on the subject.

III.—DOWNPATRICK.

As already pointed out, no field now remains in connexion with this temporary prison for the erection of any further structural or other works of an important character. As a consequence of this, it is to be regretted that the employment of the special class of convicts in confinement there is necessarily restricted at the present time to such comparatively light industries as tailoring, shoemaking, woodcutting, stonebreaking, and garden cultivation, in combination, of course, with the usual routine duties of the Establishment.

Mountjoy
Bakery.

30. In paragraphs 29 and 30 of preceding Report we referred to the fact of our having successfully constructed, with convict labour, and brought into practical operation, a bakery in connexion with Mountjoy Prison for the supply of bread both to that and the other Dublin Prisons.

We further adverted to the circumstance that in addition to obtaining by this arrangement an article greatly superior in quality to that previously supplied by contract, the first year's operations had resulted in yielding a clear net saving of £690 8s. 3d.

We have on the present occasion to observe, on the same subject that while the excellent quality of the bread, as then described, has been since fully maintained, the yearly saving returned from this source has increased from £690 8s. 3d. to £1,058 15s. 1d.,—*i.e.*, the cost of the bread, if obtained by contract at the usual price, would have amounted to £1,058 15s. 1d. more than was, under every head, expended in the production of it.

Female
convicts.

31. In each of our three last annual Reports we were enabled to refer to the very striking and gratifying decline observable in the number of our female convict population. On a comparison of the statistics of the past and present time, we have on this occasion the satisfaction of reporting a still further reduction under this head—54, the number given for last year, having since fallen to 46.

The total number of female convicts remaining in confinement at the close of the present year—31st March—was distributed thus:—

In Grangegorman Prison,	41
„ Golden Bridge R. C. Refuge,	7
„ Protestant Shelter,	4
Total,	52

Select Classes.

32. We have in previous Reports had the satisfaction of bearing favourable testimony to the practical results of the present system of forming in each of our Convict Prisons a "Select Class," composed exclusively of convicts convicted for the first time and in other respects eligible for this distinction, and we are able on the present occasion to repeat this tribute of approval to the excellence of the arrangement in protecting the less hardened class of prisoners from the evils of association with old and habitual offenders. The antecedents of each convict who becomes eligible for this Class are very carefully inquired into before he or she is permitted to join it.

These classes consisted during the past year of the following numbers, viz. :—

In Mountjoy, 110, of whom 28 incurred punishment during the year.

At Maryborough, 19, of whom 2 were punished.

At Grangegorman, 12, of whom 1 was once punished.

33. The visitors for last year to Dublin Convict Prisons, as well as those for Maryborough and Downpatrick, have been re-appointed for the present year, and we have only here to repeat the testimony offered by us in paragraph 32 of last Report, to the very favourable working everywhere of this arrangement.

Visitors of
Convict
Prisons.

34. In last year's Report, page 21, we had occasion to refer to certain provisional alterations which had been found necessary in connexion with our Dietaries, and with respect to which we had recommended that before their final adoption the entire of the existing Tables should be again revised by the Committee originally constituted for this purpose, viz., Dr. Robert M'Donnell, Dr. Grimshaw, and Dr. MacCabe, with the addition of Dr. Plunkett O'Farrell, the medical member of the Board.

Local and
Convict Prison
Dietaries.

The lamented death of Dr. M'Donnell has, we greatly regret to say, prevented the realization of our expectations as to this; but we anticipate that the Government will at an early date be in a position to act upon our recommendations, by substituting the name of another member for that of the late experienced Chairman of the Committee.

III.—REGISTRATION OF CRIMINALS.

35. In the Appendix will be found the usual statistical returns relating to the registration of criminals, brought down to the close of last year.

It will be seen from the subjoined table that the number of habitual criminals photographed and registered during the past year, under the provisions of the Act 39 & 40 Vict., c. 23, was 160, and that the total number so registered and photographed since 1869, the date of the first Habitual Criminals Act, 32 & 33 Vict., cap. 99, amounts to 9,927, viz. :—

RETURN showing the Number of Habitual Criminals registered in:—

Year.	No.	Year.	No.
1870,	907	1st January, 1880, to 31st March,	
1871,	1,058	1881,	285
1872,	840	1881-2,	224
1873,	1,118	1882-3,	189
1874,	1,082	1883-4,	164
1875,	986	1884-5,	171
1876,	964	1885-6,	208
1877,	609	1886-7,	250
1878,	272	1887-8,	155
1879,	305	1888-9,	160
		Total,	9,927

Alphabetical
Register.

A new edition of the "Alphabetical Register of Habitual Criminals," brought down to the close of 1888, has been prepared and issued for general use since the date of our last Report. As to the scope and great practical utility of this compilation it is only necessary to refer to our third and fourth Annual Reports. It is also most satisfactory to observe the very sensible reduction in this class during the last ten years.

IV.—DEPARTMENTAL.

In paragraph 34 of last year's Report we detailed the several changes in our departmental arrangements that had taken place during the preceding year, since which time there has been nothing further to record under this head in connexion with our office.

V.—APPENDIX.

36. We beg to refer to the Appendix for the several Tabular Returns, Official Reports, and Circulars, &c., usually submitted with our annual Reports.

We have the honour to be

Your Excellency's obedient faithful servants,

CHARLES F. BOURKE,

Chairman.

W. P. O'BRIEN,

Vice-Chairman.

GEORGE PLUNKETT O'FARRELL,

M.A. M.D.

APPENDIX

TO

ELEVENTH REPORT OF GENERAL PRISONS BOARD, IRELAND, FOR THE YEAR 1888--9.

CIRCULARS AND CIRCULAR MEMORANDA.

5646/88.

CIRCULAR No. 348.

To the Governors of the several Local Prisons in Ireland.

The General Prisons Board hereby direct that, whenever a prisoner who has been returned for trial, becomes insane, and is sent from prison to a lunatic asylum, you will at once inform both the Crown Solicitor and the Sessional Crown Solicitor of the fact.

By order,

F. W. D. MITCHELL, Secretary.

NEW RULE ISSUED 18th JULY, 1888.

By the General Prisons Board for Ireland.

In pursuance of the General Prisons (Ireland) Act, 1877, the General Prisons Board for Ireland do hereby direct that the General Rules for the Government of Prisons, dated the 22nd day of March, 1878, shall be altered as follows, that is to say:—The 49th of the said Rules is hereby annulled, and in lieu thereof it is hereby ordered:

49. The Governor may, by writing under his hand, provisionally permit a prisoner to be attended by a minister of any religious denomination, other than the religious denominations which, respectively, have a Gaol Chaplain or Chaplains attached to the Gaol, under such regulations as may from time to time be established. The Governor, whenever he grants such permission, shall at once forward a full report of the circumstances of the case to the General Prisons Board, who may withdraw or suspend such permission as they may think fit.

Made and executed this 17th day of April, 1888, by "The General Prisons Board for Ireland."

CHARLES F. BOURKE, Chairman.

[Seal.]

By the Lords Justices and Privy Council in Ireland.

EDWARD SAXE-WEIMAR, General.

HEDGES EYRE CHATTERTON.

[JOHN T. BALL.

In pursuance of the General Prisons (Ireland) Act, 1877, We, the Lords Justices General and General Governors of Ireland, with the approval, advice, and consent of the Privy Council of Ireland, have

settled and hereby approve of the foregoing Rule made by the General Prisons Board for Ireland.

Given at the Council Chamber, Dublin Castle,
this 30th day of April, 1888.

Ashbourne, C.

Abercorn.

Peter O'Brien.

10018.

17th September, 1888.

CIRCULAR No. 351.

JEWISH HOLYDAYS.

To the Governors of H.M. Prisons.

The General Prisons Board hereby direct that, in future, all Jewish prisoners shall be exempted from labour on the Festivals of:—

Passover,
Pentecost,
New Year (two days),
Day of Atonement, and
Tabernacles (four days),

in addition to the Jewish Sabbath, and the general Prison holydays.

In every instance the remission from labour commences on the previous afternoon at 6 o'clock.

The holydays occurring during the remainder of the year 1888 are—the 20th, 21st, 27th, and 28th instant (Tabernacles).

You will be duly informed, each year, of the dates on which the above Festivals are to be observed.

By order,

F. W. D. MITCHELL, Secretary.

10360/88.

20th September, 1888.

CIRCULAR No. 352.

VISITORS SLEEPING WITHIN A PRISON.

To the Governors of H.M. Prisons (Local).

With reference to Rule No. 4 of the "General Rules for Prisoners," the General Prisons Board direct that the Governor, availing himself of this Rule, shall at once report the circumstances to the Board, giving the name and particulars of the Visitor to whom the permission referred to in the Rule has been granted.

By order,

F. W. D. MITCHELL, Secretary.

10396/88.

20th September, 1888.

CIRCULAR No. 353

WEIGHING OF PRISONERS.

To the Governors of H.M. Prisons.

The General Prisons Board direct that in future all prisoners whose sentences amount to one month or upwards, shall be weighed on discharge as well as on reception, and that their weights shall be recorded in the proper Prison Books.

Prisoners shall invariably be weighed in the clothing of their class, but without cap or shoes.

The Governor is requested to take steps at once, to have all the Prison scales and weights tested by the Inspector of weights and measures for the District (unless this has recently been done), and to report the result to this office.

By order,

F. W. D. MITCHELL, Secretary.

10899/88.

20th September, 1888.

CIRCULAR No. 354.

APPLICATIONS FOR LEAVE OF ABSENCE.

To the Governors of H.M. Prisons.

The General Prisons Board direct that in future, when submitting an application from any officer for leave of absence, you will, in addition to the information already required to be furnished in such cases, further inform the Board what other officers—if any—are absent on leave at the time.

The Board also direct that all applications for leave shall, if possible, be made a week at least before the leave is required.

By order,

F. W. D. MITCHELL, Secretary.

CIRCULAR MEMO.

25th September, 1888.

To Governors of H.M. Prisons (Local).

The General Prisons Board direct that one of the forms of "*Daily List of Visitors to Prisoners*," sent to you herewith, shall in future be attached to the "*Daily State*," and shall contain the required particulars as to every visitor admitted to see a Prisoner.

By order,

F. W. D. MITCHELL, Secretary.

____ Prison. DAILY LIST OF VISITORS TO PRISONERS.

(To be attached to Daily State.)

Date.	Name of Prisoner.	Class of Prisoner.	When Committed	Name of Visitor.	Authority for Visit. [Prisoner entitled, or other authority.]

Signed _____ Governor or
Officer in Charge

Date _____

2191/88.

28th September, 1888.

SIR,—I am desired by the Chairman of the General Prisons Board to inform you that on the *occurrence of vacancies* among the Chaplains of the Prisons Service the scale of salaries sanctioned by the Treasury for them is fixed as follows :—

* Daily Average No. of Protestant,
Roman Catholic, or Presbyterian
Prisoners, as the case may be.

Salary.

Under 25,	£40 per annum.
Over 25 to 60,	60 " "
Over 60 to 120,	80 " "
Over 120,	100 " "

* The daily average number of prisoners to be taken for three years preceding date of new appointment.

I am, &c.,

R. LEWIS,

For Clerk in Charge of Accounts.

The Governor ——— Prison.

19 & 20 Victoria,

RETURN of PRISONERS under SPECIAL MEDICAL TREATMENT, whether in

				Weight in pounds without hat and shoes.	State of Health.	Physical Condition.	

10977/88.

24th October, 1888.

CIRCULAR MEMO.

To the Governors, &c., of H.M. Prisons.

Complaints having from time to time reached the Board from local traders as to the failure of certain Prison officers to discharge debts incurred for necessaries, &c., supplied for their use, it is now deemed advisable to issue a general caution on this subject for the information of all concerned.

It cannot be doubted that it is owing to the official position held by

3404.

12th October, 1888.

CIRCULAR No. 355.

To the Governors of H.M. Local Prisons.

The General Prisons Board direct that, in future, Medical Officers of Local Prisons shall furnish to the Board, on forms such as are forwarded herewith, a Weekly Return of Prisoners under Special Medical Treatment. You will please have the columns in the Form under the words—Reg. No., Name, Age, Height, Weight, &c., Date of Conviction, and Sentence, filled up on each occasion for the Medical Officer, who is requested to fill up the remaining columns himself.

As this Return will include Prisoners on change of diet or extra diet, the Return heretofore furnished under Circular No. 163, may be discontinued.

You will please inform the Medical Officer accordingly.

By order, F. W. D. MITCHELL, Secretary.

cap. 68, sec. 16.

HOSPITAL or CELL in H.M. PRISON at _____ for the Week ending 188

Sentence.	Change of Diet and Extras.	Labour.	Plank Bed or Mattress.	Exemptions.	Grounds for such Exemptions, and special remarks or instructions by the Medical Officer.

Signature of Medical Officer, _____

them that the officers referred to obtain the credit extended to them; and under the circumstances the Board cannot, with due regard to the character and interest of the service, disregard such appeals when addressed to them by the parties aggrieved.

They have accordingly to request that it may be conveyed to the several members of your Staff that, in the future, the Board will consider it necessary to deal very seriously with any cases brought to their notice in which a Prison officer has failed, without a valid excuse, to discharge the debts locally contracted by him.

By order, W. D. MITCHELL, Secretary.

12,329.

29th November, 1888.

CIRCULAR MEMO.

To the ——— Convict Prison.

The General Prisons Board direct that you submit every six months (in January and July) a return in form below, together with the Penal Records of all convicts in your custody under forfeiture or revocation of Licence, who may be undergoing terms of penal servitude equal to the portion of their sentences of penal servitude that remained unexpired when they were released on Licence.

By order, F. W. D. MITCHELL, Secretary.

Registered No.	Name.	Date of Reception back into Convict Prison.	Date on which due for Discharge.

13100.

19th December, 1888.

CIRCULAR No. 356.

POSTAGE OF PRISONERS' LETTERS.

To the Governors, or other Officers in charge of H.M. Prisons.

The attention of the General Prisons Board having been drawn to certain irregularities in connection with this subject, they direct that, in future, the postage of all letters from *Untried Prisoners* transmitted through the Post shall be paid out of the prisoners' private cash, if they have any; otherwise such letters are to be forwarded unstamped.

The postage on letters from all *Convicted Prisoners* is to be prepaid, and the amounts deducted from the prisoners' gratuities.

All letters shall be carefully closed before leaving the Prison.

By order, F. W. D. MITCHELL, Secretary.

7th January, 1889.

To the Governors of H.M. Prisons.

With reference to Circular No. 351, I am directed to forward, for your information and guidance, a copy, subjoined, of a letter from the Office of the Council of the United Synagogue, conveying the dates of the Jewish Holydays for the current year.

By order, F. W. D. MITCHELL, Secretary.

Office of the Council of the United Synagogue,
2 Charlotte-street, Portland-place, W.
London, Jan. 3rd, 5649, 1889.

DEAR SIR,—I have the honour to inform you that the Jewish Holydays for the current year—days on which Jewish Convicts or inmates of prisons and gaols are expected to be exempt from labour—are as follows:—

Passover,	. 4 days	. April 16th, 17th; 22nd & 23rd.
Pentecost,	. 2 „	. June 5th & 6th.
New Year,	. 2 „	. September 28th & 27th.
Day of Atonement	1 „	. October 5th.
Tabernacles,	. 4 „	. October 10th, 11th; 17th & 18th.

In every instance the remission from labour commences on the previous afternoon, except in the case of Passover, which commences at *noon on the day previous*.

I have, &c.,

Signed, N. ORNSTEIN, Clerk,

The Secretary, General Prisons Board,
Dublin Castle.

239.

9th January, 1889.

To the Governors of H.M. Prisons.

I am directed by the General Prisons Board to transmit to you, for the information of the officers of the prison under your charge, the sub-joined copy of a Treasury minute dated 29th November, 1888, on the subject of Civil Servants and Directorships of Companies.

By order, F. W. D. MITCHELL, Secretary.

(Copy.)

The First Lord and the Chancellor of the Exchequer call the attention of the Board to the recommendations made by the Royal Commission upon Civil Establishments in paragraph 100 of their second Report:—

“Upon the special point of directorships of companies being held by members of the Civil Service, we call attention to a paper handed in by Mr. Meade, printed in the Appendix, p. 429. The extract from the Treasury minute of 27th March, 1849, there printed, does not appear to us to go so far as is desirable; nor has it been made obligatory on the whole Civil Service.

“We approve of the rule laid down by the Colonial Office, viz.:—

“‘No permanent officer of the establishment of the Colonial Office is to be at liberty to take part in any way in the management of any insurance society, or any trading, commercial or financial company of whatever description. This prohibition not to apply to any insurance or benefit society, restricted to members of the Civil Service, and we think that it should be embodied with other general regulations in an Order in Council, and made applicable to all permanent civil servants. We call attention also to the correspondence on this subject between the Treasury and the Home Office in 1877–8, which is also printed in the Appendix.’”

The Report of the Commissioners is, as their Lordships know, at present under consideration; but as some short time may elapse before the views of Her Majesty's Government are declared, the First Lord and the Chancellor of the Exchequer advise that the heads of departments should be requested to

inform their officers that no person holding a permanent post in their several departments can be permitted to accept a directorship of a public company pending publication of the decision at which Her Majesty's Government may arrive upon the recommendation to which the First Lord and the Chancellor of the Exchequer have invited the Board's attention.

It should be noted that rules are already in force forbidding officers of the Treasury and Colonial Office to take directorships.

My Lords concur.

12th January, 1889.

CIRCULAR MEMORANDUM.

To the Governors or other Officers in charge of H.M. Prisons.

You are hereby directed to request the Medical Officer, on the committal of any prisoner whom he considers it necessary to exempt from any of the Prison Rules, to immediately make an entry in his journal to that effect, giving the medical reasons for such exemption.

You will, by the first post, transmit to the Board a copy of the entry, accompanied by the L. P. C. Sheet of the prisoner.

By order, F. W. D. MITCHELL, Secretary.

21st January, 1889.

CIRCULAR MEMORANDUM.

To the Governors or other Officers in charge of H.M. Prisons.

I am directed by the General Prisons Board to inform you that, since the issue of Circular Memo. of 12th instant, they have approved, in the case of several prisons, of the Governor extracting the required particulars from the "Medical Officer's Inspection Book," that officer having found it more convenient to give in that book the reason of the prisoner's exemption from any of the ordinary Prison Rules applicable to his class.

By order, F. W. D. MITCHELL, Secretary.

22nd February, 1889.

MEMO.

The Governor, H.M. Prison.

The Board direct that in future you will be very careful, when a Visiting Justice has made any entry in the Visitors' Book, to lay it before the Visiting Committee, as required by section 26 of the Prisons Act of 1877, and you will point out this statutory provision to any Justice who may visit the prison.

By order, F. W. D. MITCHELL, Secretary.

15th March, 1889.

CIRCULAR No. 357.

The Governors of H.M. Larger Prisons.

The Board direct that you will instruct the Chief Warders of the Minor Prisons for which you account, to communicate in future directly to the Board on all pressing matters, and on matters of discipline—not on matters of finance—for which latter business you, as sub-accountant, are responsible.

By order, F. W. D. MITCHELL, Secretary.

CONVICT PRISONS.

DOWNPATRICK CONVICT PRISON.

CHIEF WARDER'S REPORT.

H. M. Prison, Downpatrick,

4th May, 1889.

DOWN-
PATRICK
CONVICT
PRISON.*Chief
Warder's
Report.*

SIR,—In accordance with the Board's directions, I have the honour to submit my annual report, together with the usual statistics, for the year ended 31st March, 1889.

The conduct of the subordinate officers has been satisfactory, and they have generally discharged their duties with zeal and efficiency, except in one case, where an officer, through his own carelessness and want of judgment, got himself assaulted by a convict. Mr. Murphy, who was Governor of the prison since 1884, was promoted to Galway Prison, and Mr. Andrews was appointed in his stead, on promotion from Kilmainham, but has since been promoted to Clonmel, and the Board has been pleased to leave me in charge since. One officer joined the staff from Mountjoy Prison, and one was discharged from the service on medical grounds.

I regret to report the resignation of the Rev. Robert Headley, who was Roman Catholic Chaplain since the prison opened in 1884. The Rev. Richard Storey was appointed in his stead.

The general conduct of the convicts has been good; one assault was committed on a warder with a shovel by a life-sentence convict, and two convicts assaulted each other, for which they were put in restraint chains.

Ten (10) convicts were committed from Mountjoy Prison, and nine (9) were released on licence.

The employments of the convicts, as in past years, have consisted of shoemaking, tailoring, woodcutting, matmaking, stonebreaking, and garden work; and the carpentry, tin-smithing, plumbing, gasfitting, &c., in connexion with the general repairs and requirements of the prison have been executed by convict labour.

School instruction has been given to such of the convicts as require it on each evening from six to seven o'clock, and I am glad to say that many of the convicts have derived much benefit from it.

The new store arrangements introduced into the prison during the year have worked well: the clerk and acting storekeeper being very zealous and efficient in carrying out his duties.

The Medical Officer and Chaplain have been very punctual in their attendance, and painstaking in their respective duties.

I certify that to the best of my belief the rules laid down for the government of the prison have been complied with in every instance, except in such cases as have been reported or brought under the notice of the Board.

I have the honour to be, sir,

Your obedient servant,

A. D. M'MANUS, C.W.

The Chairman, General Prisons Board,
Dublin Castle.

ROMAN CATHOLIC CHAPLAIN'S REPORT.

Downpatrick Convict Prison,
3rd May, 1889.

DOWN-
PATRICK
CONVICT
PRISON.

*Roman
Catholic
Chaplain's
Report.*

SIR,—I beg to submit my report for the time I have been Chaplain to the above prison—since August, 1888. During this time I have found the conduct of the prisoners satisfactory. With very few exceptions they give uniform and earnest attention to their religious duties, and show a disposition to profit by the instruction and advice they receive.

I have the honour to be, sir,
Your obedient servant,

RICHARD STOREY.

The Chairman, General Prisons Board,
Dublin Castle.

MEDICAL OFFICER'S REPORT.

H. M. Prison, Downpatrick,
2nd May, 1889.

*Medical
Officer's
Report.*

SIR,—I have to report that the sanitary state of this prison continues to be satisfactory.

There has been no case of zymotic disease during the past year.

No prisoners have been transferred to either the invalid convict prison or to the Criminal Lunatic asylum.

Your obedient servant,

JOHN K. MACONCHY.

The Chairman, General Prisons Board,
Dublin Castle.

GRANGEGORMAN FEMALE CONVICT PRISON.

SUPERINTENDENT'S REPORT.

Her Majesty's Prison,
Grangegorman, May 18th, 1889.

GRANGE-
GORMAN
FEMALE
CONVICT
PRISON.

*Superinten-
dent's
Report.*

SIR,—I have the honour to submit my annual report of the Female Convict Prison, for the year ending March 31, 1889.

The number of convicts in custody on that date was 41.

There were 12 received into the prison during the year. Of these 7 were on revoked licences, only 5 having received fresh sentences.

The conduct of the prisoners through the year has been, on the whole, good, especially so for the last six months. The prisoners in association are as formerly employed in laundry and kitchen. They attend school and appear to profit by the instruction they receive there, and take a great interest in self-improvement. The other classes are taught in their cells. The teachers are most satisfactory in the discharge of their duties.

GRANGE-
GORMAN
FEMALE
CONVICT
PRISON,

Superinten-
dent's
Report.

Sisters of Charity and a Protestant lady visitor visit and instruct the prisoners of their respective denominations. These visits are a great boon to them.

I can speak with much satisfaction of the officers of the staff. They are most attentive to their duties, and give me willing and ready assistance in the maintenance of discipline.

The usual statistical returns are attached.

I certify that to the best of my belief the rules laid down for the government of the prison have been carried out, except in cases that I have reported to the General Prisons Board or dealt with according to rule.

I have the honour to be, sir,

Your obedient servant,

ELIZA ROTHE, Superintendent.

The Chairman, General Prisons Board,
Dublin Castle.

SCHOOL.

Number of days on which prisoners were taught,	-	-	-	-	304
Average on rolls for the year,	-	-	-	-	43
Average daily attendance,	-	-	-	-	29

Protestant
Episco-
palian
Chaplain's
Report.

PROTESTANT EPISCOPALIAN CHAPLAIN'S REPORT.

Grangegorman Convict Prison,

June 19th, 1889.

SIR,—I beg to lay before your Board my Report as Chaplain to H.M. Prison, for the year ending March 31, 1889.

There were at that date three convicts remaining under my charge. All are well-conducted and attentive to religious ministrations.

During the year three convicts were transferred on licence to the *Shelter for Discharged Prisoners*. Of these, I regret to say, two have

died. One rapidly declined in health and was sent back to the prison in a critical state, where she succumbed to a general failure of constitution on January 22nd. The other has since died at the "Shelter" after a brief illness. In both cases I believe that everything was done for the relief and comfort of the patients both by officers and matrons in charge, and both women evinced gratitude for the care and kindness bestowed on them.

GRANGEGORMAN
FEMALE
CONVICT
PRISON.

I am, your obedient servant,

HENRY HOGAN, B.D., Chaplain.

The Chairman of the General Prisons Board.

ROMAN CATHOLIC CHAPLAIN'S REPORT.

Grangegorman Prison,
June 12th, 1889.

Roman
Catholic
Chaplain's
Report.

SIR,—In furnishing my report for the year ended March 31st, I shall merely allude to the penal servitude prisoners by noticing the gratifying fact that such prisoners are steadily decreasing in number.

I must, however, call attention to the crowded state of this prison during the summer months of last year.

Notwithstanding the success that has attended the efforts of the Prisoners' Aid Society, I find an increase of nearly 3,000 commitments as compared with the year 1884-5.

In order to devise a remedy for such a disgraceful state of things, I would venture to suggest that Government be asked to appoint a Committee to learn the views of experienced and intelligent prison and police officers who are in almost daily contact with the prison population. I think there will be found a general consensus of opinion that repeated short sentences of imprisonment have no effect for good on habitual offenders.

I have the honour to be, sir,

Your obedient servant,

T. ANDERSON, Roman Catholic Chaplain.

PRESBYTERIAN CHAPLAIN'S REPORT.

Grangegorman Government Prison,
June 14, 1889.

Presby-
terian
Chaplain's
Report.

SIR,—I have only to report that I have had but one convict of my denomination during the year ending March 31st.

I have attended all the appointed times for my visitations, and have regularly conducted Sabbath Services.

The capitation principle does not equitably apply to Presbyterian religious services, as the same services must be given to one as to one hundred. I am glad, however, that but few of our people are ever in this prison.

I am, sir,

Your obedient servant,

S. G. MORRISON, Presbyterian Chaplain.

The Chairman, General Prisons Board,
Dublin Castle.

GRANGE-
GORMAN
FEMALE
CONVICT
PRISON.

MEDICAL OFFICER'S REPORT.

Grangegorman Convict Prison,
6th June, 1889.

*Medical
Officer's
report.*

SIR,—In submitting the annual statement I have to report that the general sanitary condition continues to be satisfactory.

One convict died.

The daily average of sick in hospital in very small.

I have the honour to be, sir,

Your obedient servant,

H. MINCHIN.

The Chairman, General Prisons Board,
Dublin Castle.

3.—MARYBOROUGH PRISON,

MARY-
BOROUGH
MALE
CONVICT
PRISON.

FOR INVALIDS AND INTERMEDIATE CLASS CONVICTS.

GOVERNOR'S REPORT.

*Governor's
Report.*

Her Majesty's Prison, Maryborough,
6th April, 1889.

SIR,—I have the honour to submit my report, accompanied by the usual statistical returns for the year ended 31st March, 1889.

The conduct of the subordinate officers has been very satisfactory, and their duties have been, on the whole, efficiently performed.

The intermediate class prisoners, twenty-nine of whom were received during the year, were employed in building warders' cottages and cultivating the land outside the prison; they continue to work with great satisfaction; their conduct has been very good, only one having been removed to Mountjoy Prison for misconduct.

There were in confinement in the beginning of the year seventy-two convicts. Forty-three were discharged on licence, one on expiration of sentence, one transferred to Mountjoy Prison, three to Dundrum Criminal Lunatic Asylum (these men were mentally deranged on their reception here), and one died during the year, making a total on the 31st March, 1889, of sixty-seven.

Some slight alterations have been made inside the prison. Outside the prison four cottages have been built, roofed, and slated. The entire joinery work of these cottages has been made at this prison, and the land has been cultivated by prison labour.

Tailoring, shoemaking, repairing clothes, chopping wood, breaking stones, and pumping water continue to occupy the invalid class.

The water arrangements are very satisfactory, and there is now an abundance of water in the prison.

During the past year there were fifty-nine untried prisoners transferred to this prison from other prisons for trial at the Spring, Summer, and Winter Assizes held in this town.

The usual Sunday and weekly services have been regularly performed by the respective chaplains.

Morning and evening school have been carried on daily by the schoolmaster. Some of the prisoners have made much progress in their studies, and show a great desire to learn.

There have been no escapes or attempts at escape nor suicides. One death has occurred in the hospital during the year.

The medical officers have been most regular and attentive to the sick.

The rules laid down for the government of the prison were complied with in every respect to the best of my belief and knowledge, except in such cases as have been brought under the notice of the Board.

The Visiting Committee visited the prison on the 11th April, 1888, 9th May, 13th June, 8th August, 12th September, 10th October, 14th November, 12th December, 9th January, and 14th March.

PRISON.

Governor's
Report

I have the honour to be, sir,

Your obedient servant,

ARTH. C. BULKELEY, Governor.

To the Chairman, General Prisons Board,
Dublin Castle.

PROTESTANT EPISCOPALIAN CHAPLAIN'S REPORT.

The Rectory, Maryborough,
6th April, 1889.

Protestant
Episcopa-
lian
Chaplain's
Report.

SIR,—I have not anything special to report in connexion with the discharge of my duties as Chaplain of Maryborough Convict Prison, during the past year. The prisoners who attended the Services conducted by me, were at all times quiet and apparently attentive, while the intern officers gave me every assistance in their power in the discharge of my duties.

I have the honour to be, sir,

Your obedient servant,

EDWD. L. EVES.

The Chairman, General Prisons Board.

ROMAN CATHOLIC CHAPLAIN'S REPORT.

Maryborough, April 6th, 1889.

Roman
Catholic
Chaplain's
Report.

DEAR SIR,—There is nothing particular, I think, to remark about our Maryborough Prison during the past year. Considering the class of convicts we have, I think their conduct on the whole is very satisfactory. Their demeanour during the time of public service is everything that could be desired, and a good number of them approach the Holy Sacraments every week. I shall continue to advocate the acquisition of some land adjoining the prison. It would afford healthy exercise for the prisoners. The Governor and other officials of the prison are civil and courteous, and in every way facilitate the duties of the Chaplains.

I have the honour to remain,

Yours faithfully,

A. PHELAN, P.P.

The Chairman,

MARY-
BOROUGH
MALE
CONVICT
PRISON.

MEDICAL OFFICERS' REPORT.

Maryborough Convict Prison,

April 1st, 1889.

*Medical
Officers'
Report.*

SIR,—We have the honour to submit the annual report and medical statistics bearing on the health of the prison staff and convicts and general sanitary condition of Maryborough Prison, for the year ended 31st March, 1889.

There were twenty-three of the prison staff treated for ordinary ailments, two of whom were admitted into the prison hospital, thirteen prescribed for in quarters, and eight at their own homes.

The annexed table shows the number of cases of convicts treated on the hospital list, among that number two were affected with disease of the lungs, three of heart disease, two of disease of the blood vessels, leading from centre of circulation, and three of insanity, as well as many others subject to the infirmities of old age, chiefly bronchitis and rheumatism, one case of pleuro-pneumonia, with many more less serious affections.

Three convicts were transferred to Dundrum Criminal Lunatic Asylum, these men were mentally unsound on their reception here; after due observation and treatment, they having evinced no indication of recovery, it was found necessary to report each case to the Prisons Board, with the view of their being sent to an asylum for their more suitable management, one convict was released by the Executive Government on medical recommendation, this man, far advanced in years, became despondent to such an aggravated extent under imprisonment, that it was considered fraught with danger to his life to detain him longer in confinement.

One convict died of bronchitis, he was the subject of this disease for many years, and it finally proved fatal.

In the month of June some of the warders' children in the vicinity of the prison, one child at his own home, one in cottage and four at prison gate quarters, were attacked with scarlet fever, the four latter children, in consequence of their being in the approach and proximity of prisoners, were removed to the Fever Hospital adjoining Queen's County Infirmary, for treatment. On investigating the cause of this infectious disease, we found that it was contracted at a public school in the town, where this infection prevailed at the time, and that it did not arise from any unsanitary state of their respective dwellings.

The water of the deep new well after satisfactory analysis, has been introduced for general use in the prison.

A cursory glance at the mortality table has given us reason to be grateful, considering the many grave diseases presented for treatment during the year.

The Governor has, as ever, shown his zeal, ability, and fidelity in the interest of the sick.

We have the honour to be, sir,

&c., &c., &c.,

MAURICE O'CONNELL, Resident Medical Officer.

DAVID JACOB, M.D., Consulting and Visiting Physician.

To the Chairman, &c., &c.

MOUNTJOY CONVICT PRISON.

GOVERNOR'S REPORT.

MOUNTJOY
CONVICT
PRISON.Governor's
Report.Mountjoy Prison,
May, 1889.

SIR,—I have the honour to submit my report for the year ended 31st March, 1889, on the convict portion of Mountjoy Prison.

The conduct of the subordinate officers has been in general very good ; serious cases of neglect, or breach of rules, have been few ; one officer was required to retire from the service, and three were reduced to the local service, and removed to other prisons. The chief and principal warders performed their duties with zeal and intelligence, and the attention and judicious action of the Deputy Governor have been all that I could desire.

The conduct of the convicts has been generally good, and consequently the punishments for prison offences have been comparatively few and light ; one case of assault on warders only occurred, and that assault, which was not of a serious nature, was committed by a convict whose sentence expired on the following day ; he was prosecuted for it at the police court, and sentenced to two months imprisonment, with hard labour. There was no case of corporal punishment during the year, nor was there any attempt to escape.

The convicts were employed during the year in the erection of houses outside the prison for married officers, in the erection of a general store on a convenient site between the convict and the local prisons, and other necessary building works, in the maintenance and repair of existing buildings, in the manufacture of uniform and boots for the subordinate officers of the Irish prison service generally, in the manufacture of clothing and shoes for the greater part of the prisoners in Ireland, in baking bread for all the Dublin prisons, in the manufacture of firelights, baskets, matting, mats, hearth-rugs, and other articles for public departments, and for sale to the public ; ample employment was thus available. The convicts worked well and diligently, and a due amount of labour was exacted from all.

The Chaplains have been regular and frequent in their attendance, and have devoted much time to their prison duties.

The two schoolmasters attached to the convict prison have zealously and diligently performed their duties. Many convicts who were illiterate, or almost so, on entering prison have been taught reading, writing, some arithmetic, &c. The teachers are engaged each week-day from 9 A.M. to 1 P.M., instructing the probationers in their cells, and, after working hours, such of the associated convicts as are not fairly educated for persons in their station in life, are taught in classes, in two schools, for an hour each week-evening. All the convicts are supplied with the necessary school-books in their cells, and one schoolmaster attends daily, during the dinner hour, and issues books from the prison library to such of the convicts as are capable of reading them, and understanding their contents. The library is much appreciated by the convicts, and the supply of books is replenished annually. The books, as they become worn, or damaged from frequent use, are repaired and re-bound in the prison at a trifling cost. The attendance at school of the convicts who are unable to read, write, &c., is compulsory, unless specially exempted for some physical or other reason ; those who are considered sufficiently educated are not required to attend school, but any desirous of attending have been invariably permitted to do so.

**MOUNTJOY
CONVICT
PRISON.**
*Governor's
Report.*

I certify that the rules laid down for the government of the prison have, to the best of my belief, been adhered to, except in such instances as were brought to the notice of the General Prisons Board, or otherwise dealt with in an authorized manner.

I have the honour to be, sir,

Your most obedient servant,

The Chairman,
General Prisons Board.

*Protestant
Chaplain's
Report.*

PROTESTANT CHAPLAIN'S REPORT.

Since last report I have endeavoured to make myself personally acquainted with those under my care, and to acquire over them an influence for good. Visiting them at stated times in their cells, with a view to knowing their antecedents, and so discovering the cause or causes of imprisonment, among which I found bad company, Sabbath-breaking, and intemperance. At the week-day services in the church I have adopted—as calculated to kindle interest in the subject—a course of connected and methodical religious instruction, and I can testify as regards the attentive and reverential demeanour of the prisoners both then and during public worship on Sundays.

Sickness, in or out of prison, is a season of solemn self-examination and repentance, and my humble effort, under I trust Higher help, has been to bring home to the hearts of the patients in gaol the lesson of the double calamity of incarceration and illness concurrently. The fine hospital itself, and its admirable management, I can observe—after lengthened experience in the visitation of the sick—cannot but be a considerable assistance to a clergyman's work at the bedside of the convicts in the infirmary.

In general the ready co-operation of the officers and the careful administration of discipline in the prison have afforded me facilities—for which I desire to express myself grateful—in the discharge of responsible duties.

Signed,

JOHN H. MACMAHON (Clk.), M.A., LL.D.

June 5th, 1889.

*Roman
Catholic
Chaplain's
Report.*

ROMAN CATHOLIC CHAPLAINS' REPORT.

Mountjoy Prison,

June, 1889.

SIR,—In submitting our report for the year ended March, 1889, we beg to make known to the Board the satisfactory condition of a large majority of the Roman Catholic prisoners from a religious and moral point of view. Large numbers of them availed themselves of the ample opportunities afforded them of practising their religion; and their conduct, generally, was good.

The discipline carried out in this prison—in so far as it affects the religious and moral condition of the convicts—wants nothing to make it

a conspicuous success, except a more exhaustive classification of the prisoners with a view to diminishing, as far as possible, the danger of contamination.

In the existing arrangement a selection is made from those who were never in prison before—to form a special and isolated class. All the rest, speaking generally, form one class, that is to say, those who were never in prison before, but who are not deemed fit by the Prisons Board for the special class; and also those who have been committed to prison once or twice for trivial offences, but who could not in any true sense of the word be called habitual criminals, have to associate with the incorrigible, to the standing peril of their religious and moral well-being. No vigilance on the part of the officers could prevent the corrupting influence which a score or more of depraved habitual criminals exercise, particularly, over their younger associates.

We would respectfully suggest as a remedy for this state of things, that these men be formed into a distinct class and sent to one of the many vacant prisons now available—through the country—for the purpose. This cannot be said to be an impracticable scheme, inasmuch as a like scheme has been given effect to, in the establishment at Downpatrick of a prison for certain classes of convicts.

In conclusion, we beg to tender our acknowledgments of the invariable kindness which we have experienced at the hands of the Governor and of the other officers of the prison.

We have the honour to be, sir,

Your obedient servants,

MICHAEL WALSH, R.U.C.

TERENCE O'DONNELL, A.R.C.C.

The Chairman, General Prisons Board.

PRESBYTERIAN CHAPLAIN'S REPORT.

Mountjoy Government Prison,
March, 1889.

*Presbyterian
Chaplain's
Report.*

SIR,—In looking over my journal, I find nothing to report of an exceptional character. I have had no unfavourable report of any convict under my ministerial supervision. Indeed, the attention paid to my instructions would favourably compare with that of the average number of religious assemblies. Facts warrant me to believe that the instructions of the past year have not been fruitless.

All the duties of the Sabbaths, and the exercises of the working days have been duly discharged.

Every facility has been at my disposal, by which I have been enabled to attend to my work.

From the attentive and esteemed Governor down to all the warders and officers, I have received help without which I could not have efficiently and satisfactorily performed my responsible and important duties.

I am, sir, your faithful servant,

S. G. MORRISON, Presbyterian Chaplain.

The Chairman, Government Prisons Board,
Dublin Castle.

MOUNTJOY
CONVICT
PRISON.

Medical
Officer's
Report.

MEDICAL OFFICER'S REPORT.

Mountjoy Prison,
17th April, 1889.

SIR,—I have the honour to submit the Annual Sanitary Report and Medical Statistics of this prison for the year ended 31st March last.

There were 24 warders treated in hospital during the year, chiefly for catarrhal, febrile, and rheumatic affections. There was no death.

During the year there were 125 convicts admitted into the hospital for the diseases specified in the medical statistical table. There was no death; nor was there any attempt at suicide.

It is gratifying to be able to state that during the year no epidemic appeared, and no case of zymotic disease occurred within the prison—strong evidence that the sanitary state of the prison is most satisfactory. In my last annual report I called attention to the fact, that there were four different dietaries—all, in my opinion, defective—in use in this prison, for prisoners placed under almost similar circumstances, as to labour and confinement; and that I had submitted, as a substitute for the four, a scale of dietary which, if adopted, would be more simple to cook, far more varied and nutritious, and better suited for convicts than the existing dietaries.

The clothing and bedding of the prisoners is ample and comfortable. The prison has been kept clean, well ventilated and heated, and, in a sanitary point of view, there is nothing to be desired.

I have the honour to be, sir,

Your most obedient servant,

P. O'KEEFFE, M.D., Medical Officer

The Chairman, General Prisons Board,
Dublin Castle.
